WINTER 2026

A mountain
OF MEMORABLE
MOMENTS

Located on the border between the Savoie and Haute-Savoie regions, the resort of Les Saisies rolls out the white carpet this winter. A dynamic resort, in a privileged location opposite Mont Blanc, Les Saisies - otherwise known as **"the snow store"**, proposes exciting new activities and experiences for **a mountain of memorable moments!**

Learn to enjoy THE MOUNTAINS!

MY FIRST SNOWSHOE ADVENTURE: NO PARENTS PERMITTED!

This winter, the ESF ski school in Les Saisies proposes a new snowshoe excursion **exclusively for children aged 6 to 9** with a level of **difficulty and explanations adapted to this specific age group**. A fun filled outing and wildlife trail, this activity is the ideal opportunity for young explorers to discover the alpine surroundings and learn the correct behaviour to adopt amidst nature. **Afterall, the earlier you learn, the better!**

Prices from 24€ per half-day outing (2.5 hours), non-inclusive of snowshoe rental.

NATHAN & UNO: THE PERFECT PAIR!

The only dog handler in the Espace Diamant ski area, thirty-year-old Nathan invites you to discover his unique profession. Nathan and Uno - **a young two-year-old border collie** with an exceptional sense of smell, form the perfect team! Together, they ensure the safety of skiers and hikers in the mountains. To do so, daily **training is essential** for both man and dog! Once a week, **they invite holidaymakers to participate in a training exercise**: the simulation of an avalanche victim search. The aim of the session is twofold: to train Uno to locate and rescue the victim in record time (using a fun and educative reward system) and to remind participants of the dangers and the importance of the necessary safety equipment when venturing off-piste (transceiver, shovel and probe).

Free activity. Once a week.

EVENING BIATHLON SESSIONS - AN OLYMPIC ACTIVITY!

While the resort's **three top biathletes, Julia Simon** (multiple world champion and reigning Olympic silver medalist), **Justine Braisaz-Bouchet** (reigning Olympic champion) and **Karl Tabouret** (para biathlon world champion), will be competing for new medals at the Milano-Cortina Winter Olympic Games in February, their training ground in Les Saisies becomes the venue for evening biathlon sessions! Every Tuesday evening (and Thursday during the school holidays), apprentice biathletes can discover the sport in true Olympic style! The biathlon shooting range in Les Saisies - the venue for the discipline at the 1992 Olympic Games - was **completely renovated last winter to host floodlit evening sessions**. Participants can discover how to use a 22" rifle, like the pros, from 50 metres! A great opportunity to experience the discipline in person rather than on the television screen!

From 48€/person for a 1-hour introductory session. From age 14+.

The activity can be adapted for younger children with the use of an air rifle at 10 metres. Daily daytime introductory sessions for all the family, age 9+.
